- Texting your glimpses to a friend

Share with other members of your fellowship on Sunday March 5th, some of the glimpses of God's glory you have been blessed to see.

If you have been creative with how you have kept your record, why not bring that along to the service as well!

Prayer Activity 3: Growing the Vision

- Plant seeds or seedlings where you can watch them grow
- Put a copy of the Circuit Growing the Kingdom Prayer next to the seeds. You may also like to add a favourite Bible verse or verses
- Now watch for growth!
- As you see the plants grow, pray for growth in our circuit, both spiritually and numerically
- You can pray for the circuit as a whole and use the circuit plan to pray for growth in each individual chapel or church... maybe a different one each day
