

# Reading St John Together

**Mondays from 19th February, on zoom  
7:30-8:30pm**

**no need to book**

Online study of John's gospel for the  
pastorate (Bellingham, Wark Ecumenical  
Partnerships, Horsley Village Church) and  
friends.

*"I am excited to be attending an upcoming regional event led by Prof. David Ford who has written a commentary on the fourth gospel. I would like to share some of my enthusiasm with you, using heart as well as head. Each week we'll start with an image and perhaps a piece of music. I will suggest chapters of the gospel for you to read at home through the week following each session (not compulsory). There will also be a suggestion for a creative activity for those wishing to respond using the arts. (No experience necessary and also optional. Playful, imaginative experiment is enough). We will end with a short and structured prayer time each week."*
